## The Call of The Coast.

The Pacific Slope, with its marvelous development, solicits you to journey through that land. The melting snows of its mountains are magical resources shaped to the genius of electrical and horticultural wizards; those mighty forests are the last of their kind left standing on this earth; there are no such orchards, orange groves and floral landscapes in the world, nor does history record there ever have been.

♦The Burlington operates five through service routes to California and two through service routes to Puget Sound, with the Pacific coast steamship or rail connecting link. You may combine these through service coast routes for a "See America" tour that will include the broadest scope of the West and Northwest.

Let the undersigned tell you of our through service routes available at the \$50 excursion rate to California, or the \$67.50 rate for the Coast circuit tour.

## REQUEST IS REFUSED

MUNITIONS SALE TO THE ALLIES  
DEFENDED BY THE UNITED  
STATES.

### WON'T HINDER SHIPMENTS

Reply to Austria-Hungary's Note Up-Holds Right to Deal in Arms—Cites Instances When Austria Sold Munitions to Belligerents.

Washington, Aug. 17.—The reply of the United States to the note of Austria-Hungary, refusing to stop the exportation of arms and munitions to the enemies of that nation as requested in representations June 29, was made public here on Sunday.

Among the reasons for its refusal the United States gave the following: To refuse the sale of implements of war to belligerents would force militarism on the world and work against universal peace—which is the desire and purpose of all nations which exalt justice and righteousness with one another.

The principle of equalization, urged by Austria-Hungary, should apply to belligerents superior on land as well as sea, thus imposing on neutral nations a duty to sit in judgment on the progress of a war.

During the Boer war, the Crimean war and the Balkan war arms and ammunition were sold to belligerents by both Germany and Austria-Hungary.

The policy of the United States since the foundation of the republic has been to permit the sale of war supplies to belligerents so that this nation, which in times of peace maintains no large military establishment, may have access to markets of other nations for the purchase of war equipment when attacked by a foreign power.

### SERBIAN CAPITAL IS SHELLED

Belgrade's Reply to Austrians Is Bombardment of Enemy's Cities Across River.

London, Aug. 17.—Bombardment of Belgrade, the Serbian capital, has been resumed by the Austrians with large-caliber howitzers, according to an official statement at Nish Friday and telegraphed here by the Reuter correspondent. The text of the statement follows:

"The enemy yesterday bombarded Belgrade with large-caliber howitzers. There was no loss of life. The bombardment ceased after we shelled Semlin (in Austria, on the tongue of land formed by the junction of the Danube and the Save opposite Belgrade, with which it is connected by a railway bridge) and Pancsova (across the Danube from Belgrade in Austria), causing fires in Semlin and a panic in Pancsova."

## NOTE TO MEXICANS

CONFERENCE OF SEVEN NATIONS  
SENDS NOTE TO MEN OF ALL  
FACTIONS.

### IS FRIENDLY IN TONE

Pan-American Envoys Demand That Answer to Peace Appeal Be Given Within Ten Days—Aimed at General Carranza.

Washington, Aug. 15.—General Carranza has been given a period of ten days within which he must notify the United States and the Latin-American republics whether he will participate in a conference for the purpose of restoring peace in Mexico.

The ultimatum is contained in the joint note sent by Secretary of State Lansing and the diplomatic representatives of Argentina, Brazil, Chile, Bolivia, Uruguay and Guatemala to Carranza and the other factional leaders in Mexico.

The note is as follows:

"The undersigned, the secretary of state of the United States, the ambassadors extraordinary and plenipotentiary of Brazil, Chile and Argentina, and the envoys extraordinary and ministers plenipotentiary of Bolivia, Uruguay and Guatemala, accredited to the government of the United States of America, acting severally and independently, unanimously send to you the following communication:

"Inspired by the most sincere spirit of American fraternity and convinced that they rightly interpret the earnest wish of the entire continent, have met informally at the suggestion of the secretary of state of the United States to consider the Mexican situation and to ascertain whether their friendly and disinterested help could be successfully employed to re-establish peace and constitutional order in our sister republic."

"In the heat of the frightful struggle which for so long has steeped in blood the Mexican soil, doubtless all may well have lost sight of the dissolving effects of the strife upon the most vital conditions of the national existence, not upon the life and liberty of the inhabitants, but on the prestige and security of the country."

"We cannot doubt, however, no one can doubt—that in the presence of a sympathetic appeal from their brothers of America, recalling to them these disastrous effects, asking them to save their motherland from an abyss—no one can doubt, we repeat, that the patriotism of the men who lead or aid in any way the bloody strife will not remain unmoved; no one can doubt that each and everyone of them, measuring in his own conscience his share in the responsibilities of past misfortune and looking forward to his share in the glory of the pacification and reconstruction of the country, will respond, nobly and resolutely, to this friendly appeal and give their best efforts to opening the way to some saving action."

"We, the undersigned, believe that if the men directing the armed movements in Mexico—whether political or military chiefs—should agree to meet, either in person or by delegates, far from the sound of cannon, and with no other inspiration save the thought of their afflicted land, there to exchange ideas and to determine the fate of the country—from such action would undoubtedly result the strong and unyielding agreement requisite to the creation of a provisional government, which should adopt the first steps necessary to the constitutional reconstruction of the country—and to issue the first and most essential of them all, the immediate call to general elections."

"An adequate place within the Mexican frontiers, which for the purpose might be neutralized, should serve as the seat of the conference, and in order to bring about a conference of this nature the undersigned, or any of them, will willingly, upon invitation, act as intermediaries to arrange the time, place and other details of such conference, if this action can in any way aid the Mexican people."

"The undersigned expect a reply to this communication within a reasonable time; and consider that such a time would be ten days after the communication is delivered, subject to prorogation for cause."

"Robert Lansing, secretary of state of the United States; D. Da Gama, ambassador extraordinary and plenipotentiary of Brazil; Edu Suarez-Muñica, ambassador extraordinary and plenipotentiary of Chile; R. S. Naon, ambassador extraordinary and plenipotentiary of Argentina; I. Calderon, envoy extraordinary and minister plenipotentiary of Bolivia; Carlos Maria de Pena, envoy extraordinary and minister plenipotentiary of Uruguay; Joaquin Mendez, envoy extraordinary and minister plenipotentiary of Guatemala."
